

CALIFORNIA CRYOBANK, INC.

DONOR CATALOG MARCH 2005

CATALOG CONTENT

Our donor catalog provides basic information and characteristics for each donor. It serves as a starting point for a donor search. Additional information on donor availability can be found in the "Donor Search" section of our website.

DONOR INFORMATION

California Cryobank (CCB) provides many types of information to help clients select a donor. The following information is available. Short profiles, Staff Impression Reports and Donor Essays are available free of charge to clients!

- Short & Long Donor Profiles
- Audio Interviews
- Keirsey Temperament Sorter Reports
- Staff Impression Reports
- Facial Feature Reports
- Donor Baby Photos
- Donor Essays

To order donor information, visit our website at www.cryobank.com or call Client Services at 800-231-3373 ext. 58 to order by phone. California Cryobank strongly suggests that you review long donor profiles prior to ordering specimens.

DONOR AVAILABILITY

Listed on this catalog are donors available at the time of publication. Please call our Client Services Department at 1-800-231-3373 ext. 58 or check our on-line catalog for the most current information on donor availability.

Donor specimens are available on a first come, first served basis. Our inventory of semen specimens changes daily. We cannot guarantee donor availability. We encourage you to purchase and store vials, especially if you have only one donor chosen. Place your order at the earliest possible time and be prepared with another donor choice if there is no vial inventory at the time you wish to order.

SPECIMEN TYPES

California Cryobank offers two types of specimens:

- ICI - Specimens prepared for Intracervical Inseminations (ICI)
- IUI - Specimens prepared for Intrauterine Inseminations (IUI)

California Cryobank is prohibited from accepting returned specimens and will not be responsible for client error in selecting specimen type. Please speak with your physician and be prepared to specify specimen type at the time of order.

GETTING STARTED

The first step in ordering donor specimens from California Cryobank is to open an account. It is not necessary to open an account to place orders for donor information. Additional information is available in the "Open An Account" section of our website.

*Safeguard your
baby's future....*

Ask about California Cryobank's Cord Blood Bank

For over 25 years California Cryobank (CCB) has helped clients to make their dreams of parenthood a reality. With our cord blood bank, we are offering a new way to keep them healthy. Thanks to advancements in medicine, we now have the ability to save the stem cells from a baby's umbilical cord blood. Because these precious stem cells are genetically unique to your child, if needed, they may be used to treat more than 50 diseases, such as leukemia, sickle cell disease, and certain cancers. And new uses are being researched every day.

Saving your baby's cord blood is fast and painless and is an option every parent should consider. But your baby's birth is the only chance to collect and store these valuable stem cells. Preserving your baby's cord blood can also be especially valuable in cases of assisted reproduction. Call today for more information about our cord blood banking services. Mention promotion code "DC0001" and receive a special CCB client discount. Offer valid for new cord blood clients only and cannot be combined with other offers.

Call toll free 800-400-3430 or visit www.mycordblood.com
