ATTENTION

Audio taped donor interviews are available for clients who want to hear the donor's voice or hear how the donor responds to specific questions. Some may want to save the tape for their child to hear sometime in the future. The average length of each tape is 15 minutes (both sides). The fee for each tape including shipment by regular mail is \$20. There is an additional charge for Federal Express shipment. Donors with available audio tapes are marked on the catalog with the letter "A" in the column labeled Audio Tape. All new donors who enter our program are encouraged to provide a taped interview. Call client services to check the availability of audio taped interviews on donors that are not on the catalog.
