**AUDIO TAPED INTERVIEWS:** Audio taped interviews are available. The length of the interview varies greatly from donor to donor. However, the average length of the interview is 15 minutes. See page 2 for more information. The interview consists of two parts. Some cassettes contain both parts on side A, and some cassettes contain one part on each side.

**DONOR AVAILABILITY:** LISTED ON THIS CATALOG ARE DONORS AVAILABLE AT THE TIME OF PUBLICATION. We encourage you to **place your order at the earliest possible time**. Many donor specimens are sold daily, and we **CANNOT** guarantee donor availability.

**PROFILES: Descriptive Profiles** are available on every donor. (Short profiles are 2 pages, long profiles are 10 to 20+ pages.) Please call for more information. The California Cryobank strongly suggests that clients review donor profiles prior to ordering specimens.

**DONOR DESCRIPTIONS:** The donor catalog is updated monthly. Therefore, information on the catalog may differ from information on the donor profile. Example: years of college may change over time.
